BELIEVE IN BETTER

At Matrix, it's our mission to make your fitness facility everything you ever dreamed it could be.

Count on us for meaningful innovations that make our equipment a joy to own, service and use. Expect a technology ecosystem that enhances the way you manage your facility, retain and engage members and promote your brand. And as always, trust us to put your brand and your business first, supporting you with facility planning, dedicated sales and support, unmatched customer service and extensive education and training.

For those who believe in better, there's Matrix.

WITH YOU EVERY STEP OF THE WAY

When you choose Matrix, you're getting a partner who will be there, for your grand opening and every day after.

DESIGNING YOUR VISION

Our team will work with you to bring your vision of fitness to life by helping you select equipment and technology ideal for your goals, your space and the people you serve. We'll even work with you to develop financial solutions that expand your options and maximize your investments.

CREATING YOUR VISION

Count on our commitment to a seamless delivery and installation process, tailored to your schedule. Additionally, your team can look forward to a comprehensive demonstration, empowering them to master the utilization of your new equipment and unleash its full potential.

SUPPORTING YOUR VISION

As your dedicated partner, you can rely on our swift service response times, readily available service parts and our unwavering commitment to resolving issues correctly the first time. To enhance the value of your investment, your team will also receive access to Matrix Learning Center, a comprehensive digital resource featuring product training, maintenance tips, on-demand educational videos and more. And count on our marketing support kits to seamlessly engage with your audience, spotlight your brand, and showcase your offerings.

Learn more about how we support your vision in the U.S by visiting matrixfitness.com/total-solutions-partners

MATRIX CONNECTED SOLUTIONS

GET CONNECTED TO A WORLD OF DIGITAL SOLUTIONS

How and where people get fit has changed, and that's why there's no better time than now for Connected Solutions. With our robust digital portfolio on your side, you can create experiences that engage all of your unique members in exciting new ways.

CONNECTED
SOLUTIONS

With the power of our robust, open platform at your fingertips, service and maintenance become hassle-free. Your trainers can connect and engage with members in new ways for better results and more referrals. Everyone who comes through your doors can instantly connect to their favorite music, entertainment and social networks. It's easier than ever to expand your marketing efforts and make your brand the center of each member's fit lifestyle. And that's just a taste of what Matrix Connected Solutions can do.

Discover how our complete selection of hardware and software solutions can help bring your vision of fitness to life in bigger, bolder, brighter ways than ever before.

MATRIX CONNECTED SOLUTIONS

YOUR GOALS

You have a vision of fitness that's all your own.

The flexibility of our complete digital ecosystem lets you choose how you enhance your business, streamline your administrative tasks, impress the people you serve and much more.

INCREASE RETENTION

Bringing members back again is essential to the success of your business. With our smart digital options, they won't just come back — they'll bring friends.

BUILD ENGAGEMENT

Keep your members enthused, excited and eager for more with powerful tools that keep the exercise experience fresh.

BOOST REVENUE

Find out how to tap forward-thinking revenue streams that can redefine your bottom line in powerful new ways.

MAXIMIZE ROI

Count on us for smart tools that streamline the way you run your business while maximizing your investment and the value of every membership.

ENHANCE DIFFERENTIATION

Your facility is one of a kind, and our game-changing Connected Solutions can help you build your brand and stand out in impactful ways.

ENERGIZE ACQUISITION

You're always striving to bring in new members, and we can help extend your brand, reach untapped demographics and impress everyone who stops by.

MATRIX CONNECTED SOLUTIONS
OUR SOLUTIONS

Our robust, open platform is more than a collection of hardware, software and connectivity options. It's a fully integrated digital ecosystem that enhances the way you manage machines, mentor and motivate members, and promote your unique brand.

OUR DIGITAL ECOSYSTEM

We provide best-in-class integrations by working with third-party organizations from member management systems to scheduling systems to exercise equipment software, to make your existing solutions work together seamlessly.

Our integration capabilities constantly continue to expand as there are new technologies and entrants in the industry. Now more than ever, you have a myriad of choices of providers, partners and solutions.

That's just the beginning of how we can connect your content and your people, transforming the way you engage with members and your bottom line all at once. Choose Matrix and create an experience that best meets the needs of your facility and your members.

The following is a sampling of some of our integrations and partnerships. To view all of the third-party organizations we've integrated with to date, **visit <https://matrixfitness.com/connected-solutions>**

MATRIX CONNECTED SOLUTIONS

ENGAGE 360

Now you can reach more members wherever they are and forge lasting connections with our Engage 360 platform. Engage 360 lets your staff access and create training libraries, assign workouts to individuals or groups, cheer on members, track progress, manage calendars, monitor member engagement and more. Contact us today to find out how Engage 360 can connect training staff and members like never before.

CUSTOMIZE & CONNECT

Engage 360 is easily adaptable to the practices that have made your facility successful and works with third-party apps and wearables.

REDEFINE YOUR BOTTOM LINE

Offer training as an add-on to premium memberships, as an introductory special, on a session-by-session basis or through your own promotional combination.

COMMUNITY 360

Bring members together in a whole new way and keep them coming back for more with our Community 360 app. Community 360 makes it easy to create a virtual fitness community that's always active with fresh ways for members to stay fit, share their triumphs and cheer each other on, all while consolidating member workout data under your brand.

MOTIVATING MEMBERS IN NEW WAYS

Our mobile app connects to members wherever they exercise with fresh daily workouts, community challenges, motivating push notifications and referral incentives.

INTUITIVE USE & IMPORTANT INFORMATION

Our open platform streamlines the way you manage your facility and brings all of your members' fitness data to your branded tracking platform no matter where or when they exercise.

PROMOTIONS & INCENTIVES

Innovative features like "find a class", "request training" and incentivized referrals help you promote your business and tap new revenue streams in game-changing ways.

POWERFUL PROMOTIONS

Smart new promotional tools include special offer push notifications, incentivized referrals and "at-risk" notifications to help retain valuable members.

MATRIX CONNECTED SOLUTIONS

FACILITY 360 POWERED BY ECOFIT

Whether you manage one fitness facility or many, Facility 360 Powered by Ecofit gives you the insightful analytics you need to make data-driven decisions and manage your equipment. Real-time updates, sophisticated reporting and comprehensive tracking make it easier than ever to streamline service, reduce downtime, maximize equipment life and keep your people happy.

SUPERIOR INVENTORY MANAGEMENT

A Matrix-exclusive integration with connected cardio and strength equipment provides the industry's most advanced reporting and analytics, while specialized sensors offer status, usage and service data for unconnected strength and cardio equipment.

DATA-DRIVEN DECISION MAKING

Easy-to-read reporting for wait times, peak hours, cardio vs. strength usage and more informs data-driven decisions about equipment assortment, equipment rotation, staffing and beyond.

ADVANCED EQUIPMENT DIAGNOSTICS

Real-time equipment status and detailed error reports sent directly to your inbox allow you to instantly diagnose issues and streamline service.

STREAMLINED OPERATIONS

Intuitive record keeping makes it easy to track equipment performance, service requests, sanitation, equipment transfers, storage and much more.

MATRIX CONNECTED SOLUTIONS

ENHANCING THE EXERCISE EXPERIENCE

Make every workout a fresh, special experience by adding some of our uniquely interactive programs. Count on us to create distinctive exercise experiences that will set your facility apart from others, engage your members on a whole new level and keep them coming back for more.

SPRINT 8

Go beyond high-intensity interval training to give members results they can see in the mirror. Our scientifically validated Sprint 8 program is effective, quick and simple.

VIRTUAL ACTIVE™

Transform ordinary workouts into breathtaking journeys through exotic locals with our speed- and terrain-interactive Virtual Active program.

LANDMARKS

Our Landmarks program turns Stepper and ClimbMill™ workouts into engaging, exhilarating journeys to the top of natural and man-made wonders of the world.

iFIT

When it comes to an inspiring, immersive exercise experience, nothing compares to our Matrix cardio equipment featuring iFIT, a global leader in interactive connected fitness technology and content.

FACILITY-SPECIFIC SOLUTIONS

Depending on what kind of fitness center you operate, some of our facility-specific solutions might be right for your goals and members. Check out RFID to streamline the exercise experience, digital TV if you'd like to add a little extra entertainment, remote audio to coordinate with your mounted big screens or IPTV and Pro:Idiom for a synced entertainment experience.

DIGITAL TV

Keep users motivated and help them achieve their fitness goals with the industry's very best screen technology.

REMOTE AUDIO

Enhance the exercise experience by syncing remote audio to your facility's big screens.

IPTV

IPTV allows for a high-definition viewing experience on your cardio floor.

RFID

Simple radio-frequency tags can give your members a seamless exercise experience from door to door, streamlining check-ins, workouts and purchasing from your vending centers.

Pro:Idiom™

PRO:IDIOM

A must-have for hotels, Pro:Idiom protects content providers from piracy while offering guests a synced entertainment experience.

ANT+

Send data to the big screen to spark competition in the studio.

BLE FTMS

Send data to smart phone apps for personal performance tracking in the studio.

ONYX

AN EXPERIENCE FOR THE SENSES

Nothing elevates exercise like Onyx.
From the eye to the fingertips to the feel
beneath your feet, every interaction is exceptional,
immersive and unlike anything else. For those
who demand the best, Onyx is waiting.

Discover an experience for the senses at
onyx.matrixfitness.com.

CONSOLE FLEXIBILITY

Our diverse collection of consoles is compatible with all Performance, Endurance, and Lifestyle Series equipment to give you choices in what you put on your cardio floor. Sophisticated, easy-to-operate designs give your members control of the data they collect, the content that keeps them engaged and the way they reach their goals. You can also access our most powerful Connected Solutions with WiFi-enabled consoles, including Engage 360, Community 360 and Facility 360 Powered by Ecofit.

TOUCH XL / TOUCH

Connect your members to stunning entertainment, social media favorites, brand-building communication and much more with the industry's best consoles. WiFi-enabled Touch Consoles feature an app-based interface that mimics familiar smartphone and tablet operating systems, making it easy for members to connect to the content that keeps them moving. They provide a smooth, hassle-free exercise experience thanks to complete workout feedback, Bluetooth and ANT+ connectivity, single-point user login, Wireless RFID login, built-in fan, power save mode with auto wake-up and more. Our WiFi-enabled Touch Consoles also work with our complete digital portfolio of Matrix Connected Solutions, including Engage 360, Community 360, Facility 360 Powered by Ecofit and more. Choose Touch XL (56 cm / 22") for treadmills and ClimbMills™ from any series, or choose Touch (41 cm / 16") for all Performance, Endurance and Lifestyle Series equipment.

CARDIO SERIES OVERVIEW

Whether fitness is your business or just a part of what you do, your choices make all the difference. That's why we've reimagined our offering, making it easier to choose the solutions right for your budget, your space and the people you serve. Our three new cardio series are compatible with five refined consoles for exciting new combinations of performance and technology. When it comes to achieving your goals, it's easy to choose Matrix — and know you've chosen wisely.

PERFORMANCE SERIES /

For fitness facilities that demand the best, our Performance Series provides an unmatched portfolio of premium cardio equipment. A refined aesthetic sets your facility apart in a way that attracts exercise enthusiasts of all kinds and keeps them coming back for more. Our precision-engineered designs and rugged components are tested against the highest international standards, ready for the most intense workouts. Ergonomically refined touchpoints like seats, handlebars, sealed buttons and smart workout controls make even long, hard workouts comfortable, convenient and intuitive. A range of advanced features simplify and reduce service needs to minimize downtime and maximize member satisfaction.

ENDURANCE SERIES /

The Endurance Series offers design and flexibility that makes it easy for your fitness facility to maximize its resources with every decision. Streamlined designs simplify the exercise experience while still providing premium performance that can challenge cardio enthusiasts. When it comes to durability, everything from the Endurance Series is designed and tested to stand up to tough environments and heavy use for years. Best of all, our Endurance Series can meet you where you need to be when it comes to features, functions and your budget.

LIFESTYLE SERIES /

If fitness is a small but important part of your offering, Matrix has cardio equipment that fits your space, your budget and your brand. Choose our Lifestyle Series equipment for value-conscious design, reliable performance and a unified aesthetic that welcomes all the different people you serve. Simplified operation makes it easy for anyone to start a workout, even users who are unfamiliar with exercise equipment.

A man in a red t-shirt and black shorts is running in front of a modern glass building. The building's facade is composed of large glass panels reflecting the sky and surrounding environment. The man is captured in a dynamic pose, leaning forward with his arms pumping, suggesting a powerful and energetic runner. The lighting is bright, highlighting the man's physique and the architectural details of the building.

RUN WITH A LEADER

Striking the perfect balance between engineering and aesthetics, our treadmills attract more attention and require less maintenance than anything you put next to them.

TREADMILLS

PERFORMANCE PLUS TREADMILL

If you want to make your facility stand out with an exceptional running experience, nothing outperforms or outlasts our Performance Plus Treadmill. Our shock-absorbing Pure Stride Cushioning System and Dynamic Response Drive System™, make even the most intense runs feel comfortable, solid and smooth. Our unique belt and drive combination lasts for up to 100,000 miles with an absolute minimum of maintenance. It's also quieter than traditional treadmills at most speeds, and quieter than competitive slat-belt treadmills with significantly less vibrations. Sculpted ergonomic features like continuous multi-grip handlebars make every touchpoint more comfortable, and robust design details like cast-aluminum endcaps withstand intense environments and heavy use for years. Smart features like easily removable side rails, a front-accessible component cover and built-in casters streamline maintenance and service, so your most demanding members can count on a good, hard run every time they visit your facility.

FEATURES

- 157 x 61 cm / 62" x 24" running surface
- 5.0 hp AC Dynamic Response Drive System
- 20% incline
- 26 km/h / 16 mph top speed
- 26.7 cm / 10.5" step-on height
- 227 kg / 500 lbs. max weight capacity

Compatible consoles

Groundbreaking design and breathtaking performance combine for a treadmill that feels, functions and lasts unlike any other.

PERFORMANCE TREADMILL

Our Performance Treadmill is nothing short of ideal for long, hard runs, high-intensity interval training and group exercise that pushes members to their limits. Our Dynamic Response Drive System™ makes every step feel smooth and in sync and the durable, comfort-enhancing components of our Ultimate Deck™ stand up to a steady stream of members for years. Sculpted ergonomic features like continuous multi-grip handlebars make every touchpoint more comfortable, and robust design details like cast-aluminum endcaps withstand intense environments and heavy use. Smart features like easily removable side rails, floating front roller assembly, an easy-to-open motor cover and optional casters streamline service and maintenance, minimizing downtime and maximizing member satisfaction.

FEATURES

- 152 x 56 cm / 60" x 22" running surface
- 23 km/h / 15 mph top speed
- 5.0 hp AC Dynamic Response Drive System
- 24.1 cm / 9.5" step-on height
- 18% incline
- 182 kg / 400 lbs. max weight capacity

PERFORMANCE TREADMILL

ENDURANCE TREADMILL

Our Endurance Treadmill provides the dynamic performance and large running area exercise enthusiasts need for intense workouts, plus a simplicity of design that lets those new to fitness get started immediately. Our Dynamic Response Drive System™ makes every step feel smooth and in sync whether users are running hard or just getting started on their fitness journey, and our Ultimate Deck™ enhances comfort while providing durability that lasts. Smart features like easily removable side rails, front roller assembly and an easy-to-open motor cover streamline service and maintenance in new ways, minimizing downtime so members of all kinds can get a run right for their goals.

FEATURES

- 152 x 56 cm / 60" x 22" running surface
- 4.2 hp AC Dynamic Response Drive System
- 15% incline
- 20 km/h / 12 mph top speed
- 22.9 cm / 9" step-on height
- 182 kg / 400 lbs. max weight capacity

Compatible consoles

LIFESTYLE TREADMILL

Our Lifestyle Treadmill gives the people you serve a solid run with a reliable, space-saving design. Our Dynamic Response Drive System™ makes every step feel smooth and in sync, and our Ultimate Deck™ is as comfortable as it is durable. A smaller frame and a low step-on height makes cardio exercise accessible to virtually anyone, even when space is at a premium. An easy-to-open motor cover streamlines service and maintenance by helping technicians get in and out more quickly.

FEATURES

- 152 x 56 cm / 60" x 22" running surface
- 4.2 hp AC Dynamic Response Drive System
- 15% incline
- 20 km/h / 12 mph top speed
- 17.8 cm / 7" step-on height
- 182 kg / 400 lbs. max weight capacity

A woman in athletic wear is captured in mid-stride, running up a wide set of concrete stairs. The stairs are made of light-colored concrete with dark metal handrails. In the background, a modern building with large, dark-framed windows and a textured facade rises. The scene is set outdoors under a clear sky, with the lighting suggesting late afternoon or early morning.

A HARMONY OF DESIGN AND NATURAL MOVEMENT

We listened. We watched. We designed. And we developed equipment that provides smooth, stable, natural movement for more comfortable, more efficient workouts.

**ASCENTS &
ELLIPTICALS**

PERFORMANCE **ASCENT TRAINER®**

When it comes to intense, full-body workouts that are easy on the joints, nothing outperforms our durable Performance Ascent Trainer. Adjustable incline with variable stride length takes workouts to the next level, engaging glutes, hamstrings and core muscles. Our patented suspension design is completely wheel- and track-free, reducing noise and minimizing friction to extend product life, while constant rate of acceleration provides an ultra-smooth feel all the way through the ellipse. Ergo Form™ Grips, contralateral handlebar action, optimized pedal spacing and oversized pedals make every movement feel natural. Convenience features include low step-on height, rear entry, contact and telemetric heart rate tracking, a water bottle holder and an accessory tray. A smart design featuring top-down levelers and a removable disk makes service and maintenance easier than ever.

FEATURES

- 51–61 cm / 20–24" variable stride length
- 20–33 cm / 8–13" adjustable incline
- 24.1 cm / 9.5" step-on height
- 182 kg / 400 lbs. max weight capacity
- Self-powered options
- Lower Body Ascent Trainer also available

Compatible consoles

Our ultra-smooth, durable design elevates low-impact workouts with a combination of resistance and incline that exercises the whole body.

A man with long brown hair, wearing a grey t-shirt and dark shorts, is sitting on a wide staircase. He is looking down and to his left, with his right hand resting on his head. The staircase has white railings and leads upwards. A semi-transparent dark grey box is overlaid on the image, containing text.

STEP UP TO THE BEST

Give your members the truest stair-climbing workout on the market with high-design, low-maintenance equipment that can live virtually anywhere in your facility.

CLIMBILLS & STEPPERS

PERFORMANCE CLIMBMILL™

The premium design of our Performance ClimbMill provides the most secure stair-climbing workout in the industry and outlasts anything you put next to it. The Control Zone sensor instantly stops the stairs if triggered by an object or person, while Control Drive stops the steps if anything pushes against their rotation, exceeding industry standards for stair-climbing security. Extra-deep locking steps, a step-up platform and step-positioning software make getting a workout easier than ever, while sculpted ergonomics make every touchpoint more comfortable. Our unique Sweat Management System protects critical components to extend equipment life, and the oil-free drive system is as durable as it is whisper-quiet. Smart features like side access panels, modular components and an internal service light streamline maintenance, while rear-locking, leveling casters offer easy placement.

FEATURES

- 25.4 cm / 10" step depth
- 20.3 cm / 8" step height
- Oil-free ECB modular system with motorcycle-grade, sealed drive chain
- 25.4 cm / 10" step-on height
- 182 kg / 400 lbs. max weight capacity
- EN ISO 20957-8 certified

Compatible consoles

Discover an intense climbing experience that's secure for members and virtually maintenance-free for you.

ENDURANCE CLIMBMILL™

A blend of streamlined design and smooth operation makes it easy for beginners to start climbing and enthusiasts to climb further than ever. Extra-deep, locking steps and step-positioning software make getting a workout easier, while sculpted ergonomics make every touchpoint more comfortable. Our unique Sweat Management System protects critical components to extend equipment life, and the oil-free drive system is as durable as it is whisper-quiet. Smart features like side access panels, modular components and an internal service light streamline maintenance and minimize downtime.

FEATURES

- 25.4 cm / 10" step depth
- 20.3 cm / 8" step height

A woman with curly hair, wearing a white tank top and black leggings, is sitting on a concrete ledge outdoors. She is stretching her right leg forward, holding her foot with her right hand. She is looking off to the side. The background shows a modern building with a slatted roof and a fountain with water spraying. The sky is blue with some clouds.

A BETTER RIDE BY DESIGN

Performance, comfort and styling make our cycles a favorite for members, while easy use and streamlined maintenance make them a top choice for owners, trainers and service techs. And with self-powered options, you can place them anywhere in your facility.

CYCLES

PERFORMANCE HYBRID CYCLE™

For intense workouts that are easy on the joints, nothing outshines our Performance Hybrid Cycle in feel, function and durability. The 45-degree angle of our innovative command seating position optimizes ergonomics for maximum comfort and workout efficiency. The seat adjusts easily with just one hand, while low step-over height and comfortably oversized self-balancing pedals make it easy for virtually anyone to have a superior low-impact workout. The robust components withstand intense environments and heavy use for years, and smart features like top-down leveling, an integrated transport handle and a three-piece crank with forged arms streamline service and maintenance.

FEATURES

- 17.5 cm / 6.9" pedal spacing
- 182 kg / 400 lbs. max weight capacity
- Self-powered options

SHATTER LIMITS TOGETHER

Add our unique training solutions to your cardio floor to give members the kind of heart-pumping variety they crave. Challenge your members with the versatile intensity of our user-driven S-Drive™ Performance Trainers. Add our rower to your cardio floor for low-impact cardio that strengthens the whole body. You can even create an advanced, accessible workout experience with our exciting Training Cycles.

CARDIO FLOOR SOLUTIONS

TRAINING CYCLES

All of our durable Training Cycles feature optimized ergonomics and intuitive adjustments that make it hassle-free for every member — no matter what their body type or ability level — to experience the feel of a real outdoor ride.

ADVANCED ERGONOMICS & ADJUSTMENTS

The design of our Training Cycles begins with a narrow Q-factor that optimizes the position of the hips, knees and feet to comfortably mimic a real outdoor riding experience. A magnetic system provides smooth resistance changes to help riders transition from one portion of the ride to the next, while intuitive four-way adjustment with quick-touch operation and easy seat tilt make it virtually effortless to customize the cycle to each user's body.

ENHANCED COMFORT & CONVENIENCE

All of our Training Cycles include an ergonomically sculpted seat to relieve pressure on touchpoints, making even long, intense rides comfortable. A contoured lever provides tactile feedback for on-the-fly resistance changes, and multi-position handlebars with an integrated water bottle holder provide a comfortable grip while keeping hydration easily accessible.

STREAMLINED SERVICE & SETUP

The low-maintenance, well-protected rear flywheel design of our cycles includes a quick-release service panel, easily removable pedal cranks and clearly identifiable internal components to simplify service.

CXP TARGET TRAINING CYCLE

Our advanced CXP Target Training Cycle motivates members with metrics that matter for a more engaging cycling workout they'll come back for again and again. The display is specifically engineered for target training — whether they're tracking watts, heart rate, RPMs, distance or calories — and includes a bright LED wrap that uses intuitive colors to tell the rider if they are on track for their goals. Integrated programmable metrics and personal training programs offer plenty of ways for cycling enthusiasts to train. Our WiFi-enabled Target Training Display also works with our complete digital portfolio of Matrix Connected Solutions, including Community 360, Facility 360 Powered by Ecofit and more.

FEATURES

- Displays watts within +/- 3% accuracy
- Quick-adjust pedals
- Integrated Sprint 8® program
- Integrated FTP testing and a sub-max heart rate test
- WiFi enabled; ANT+/BLE/5 khz HR compatibility and ANT+ and BLE FTMS broadcast data capability

CXM TRAINING CYCLE

Our CXM Training Cycle takes workouts to the next level with clear metric tracking, quality performance and excellent ergonomics. The quick-response, backlit LCD console clearly displays all training metrics and provides the ability to bring extra focus to watts, heart rate, RPMs or lap mode in a way that helps members chart their progress and get real results.

FEATURES

- Displays watts within +/- 10% accuracy
- ANT+/BLE/5 khz for HR compatibility and ANT+ and BLE FTMS broadcast data capability

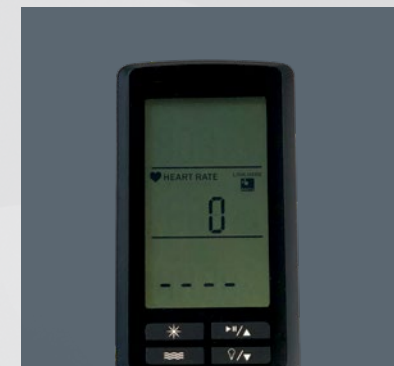

CXM TRAINING CYCLE

CXC TRAINING CYCLE

Our CXC Training Cycle will make music driven cycling workouts more popular than ever with performance that's as smooth as it is comfortable. A device storage shelf makes it easy for members to keep their smartphone in view. Add the optional wireless LCD console for a basic metric-tracking experience that clearly displays RPMs, calories, distance, time and heart rate when used with a heart rate strap.

A NEW WAY TO RIDE. EVERY TIME.

The Virtual Training Cycle allows users to connect to the programs that motivate them when and how they want on the cardio floor.

VIRTUAL TRAINING CYCLE

Now all the different people you serve can ride the way they want to with the Matrix Virtual Training Cycle. They can take on Matrix-exclusive programming like Sprint 8®, Virtual Active™ and Target Training, plus join popular on-demand cycling classes. They can even stream their favorite music, movies and shows as their workout flies by, all on a cycle precision engineered for intense sessions.

FEATURES

- 56 cm / 22" touchscreen
- Integrated Target Training, Sprint 8 and Virtual Active programming
- iFIT on-demand workouts
- Access to instructor-led classes
- WiFi and ethernet connectivity
- Connects to Apple Watch
- Connects to Samsung Galaxy Watch

TOTAL BODY CYCLE

Now you can transform cardio into intense, total-body exercise with an air cycle specifically reimagined for group training and HIIT workouts.

BUILT TO LAST

The Total Body Cycle is built to stand up to tough HIIT and group training sessions for years.

OPTIMIZED FOR QUICK TRANSITIONS

From group circuits to HIIT workouts on your cardio floor, the Total Body Cycle has been optimized for quick transitions between rides and riders.

STREAMLINED SERVICE & MAINTENANCE

Never sacrifice sweat for service. Our robust air cycle streamlines service and maintenance to minimize downtime between training sessions.

TOTAL BODY CYCLE

Make group training and HIIT more intense than ever with a cycle that transforms cardio workouts into total body exercise. Air resistance increases the challenge the harder riders pedal, push and pull, and a design reimagined for group training and HIIT includes seamlessly smooth adjustments between riders, multi-grip handlebars and a frame reinforced with heavy-duty steel.

FEATURES

- Belt-drive air resistance
- Quick-pull lever seat adjustments
- Multi-grip handlebars
- Integrated transport handle
- Smart device storage
- Backlit LCD console tracks watts, RPMs, heart rate, calories, time and distance

S-DRIVE™ PERFORMANCE TRAINERS

A man in a red tank top and grey shorts is running on a treadmill in a gym. The background shows a large window with a view of the outdoors. The treadmill is a dark color with a handrail.

S-Drive Performance Trainers add an amazing new dimension to your cardio floor. Versatile, space-saving design lets members can take on power walking, running, HIIT, sled-pushing, parachute training and agility drills with magnetic resistance settings just right for their ability level and goals. Choose S-Drive Power for a complete target training experience, S-Drive Metrics for clear workout feedback or the original S-Drive for pure cardio intensity.

FEATURES

- Sled brake with eight repeatable resistance settings
- Parachute brake with 11 repeatable resistance settings,
- Seven-degree incline
- True zero start speed
- Unlimited top speed
- 17.8 cm / 7" step-on height

S-DRIVE POWER

S-Drive Power adds a Target Training Display specifically engineered for goal-based training, making it easier than ever for members to take on sprints, sled pushes and parachute training with precision metric tracking. Integrated testing establishes personalized targets just right for the ability level of each member, while the unique LED wrap helps trainers and members gauge intensity with bright colors. The display even pivots so trainers can easily view feedback. Whether tracking watts, speed, time, distance, heart rate or taking on high-intensity interval training, the personalized metrics help members maintain effort and reach their goals. WiFi enabled, the Target Training Display also works with our complete portfolio of Matrix Connected Solutions. Includes a built-in sled-push bar that tracks power in watts.

FEATURES

- Integrated sub-max heart rate testing
- Interval and Sprint 8® program
- ANT+ and Bluetooth enabled

S-DRIVE™ METRICS

S-Drive Metrics includes a quick-response, backlit LCD that clearly displays speed, time, distance and heart rate (with strap). Integrated testing establishes personalized targets just right for the ability level of each member, and the display even pivots so trainers can view feedback.

FEATURES

- Interval and Sprint 8® program
- Self-powered design

S-DRIVE METRICS

S-DRIVE PERFORMANCE TRAINER

Add our original S-Drive Performance Trainer to your cardio floor to offer members power walking, running, HIIT, sled-pushing, parachute training and agility drills in one space-saving footprint. Magnetic resistance easily adjusts to a wide range of ability levels.

FEATURES

- Self-powered design

ROWERS

The sleek-yet-robust design of our rowers offers whisper-quiet operation, a smoother stroke, easy adjustments and repeatable resistance levels to create an unmatched rowing experience. Count on an aluminum flywheel with 10 precise magnetic resistance settings to challenge first-time users and experienced rowers alike. Crafted to fit the human body, our rowers feature an Ergo Form™ seat to reduce stress on touchpoints during long rowing sessions, a seat lock for superior stability when getting on and off and a long handle with a comfort-enhancing over-mold. A high-quality cord is paired with a long aluminum rail reinforced with stainless-steel to stand up to hard use.

RXP ROWER

Reinvigorate rowing and make your facility stand out by adding our advanced RXP Target Training Rower to your cardio floor. Our unique display is specifically engineered for target training, precisely measuring watts, 500-meter split, heart rate, SPMs, distance or calories. A bright LED wrap uses vibrant colors to indicate if the user is on track for their goals. Integrated interval programs and a wide range of personal training programs keep every workout fresh. WiFi enabled, the Target Training Display also works with our complete portfolio of Matrix Connected Solutions.

FEATURES

- Sub-max heart rate test, step power test and testing for 500- and 2,000-meter
- Interval and Sprint 8[®] program
- WiFi enabled; ANT+/BLE/5 khz HR compatibility and ANT+ and BLE FTMS data broadcast capability

ROWER

The Matrix Rower features an adjustable, backlit console that makes it easy to access training programs and see complete workout data. Clearly defined quick keys provide instant access to integrated training programs.

FEATURES

- Interval and challenge programs
- Self-powered design

A BETTER WAY TO GET FIT: TOGETHER

Group training provides the kind of motivation, camaraderie and accountability members need to try new things, persevere through tough sessions and keep coming back for more. We can help you differentiate your fitness facility by outfitting your group training space, optimizing underused space and offering programming that appeals to a wide range of individuals. We'll bring the best of our own equipment and programming, plus exclusive offerings from industry experts to help you attract new members and retain them in a way only engaging group training can.

MATRIX

ABOUT MATRIX FITNESS

In 2001, Johnson Health Tech established Matrix Fitness to bring premium fitness equipment to the marketplace. Since then, we've become the fastest-growing commercial fitness equipment brand in the world. Matrix has leveraged continuous innovation and cross-cultural collaboration to emerge as an industry vanguard, constantly challenging standards and raising expectations for fitness equipment design and exercise technology.

Our product portfolio has expanded to over 600 products including strength equipment, cardio platforms, group exercise modalities, athletic performance training tools, fitness technology, integrated HIIT workouts, turnkey programming and much more. With nearly 40 subsidiaries around the world, Matrix is uniquely equipped to meet fitness and wellness needs in every corner of the globe.

Today, Matrix Fitness is dedicated to serving fitness facilities of all kinds, setting them apart in ways that attract and retain more members. Our mission is to delight and excite our customers through complete solutions and committed partnership provided by a world-class organization.
